CHRISTMAS BELLS

WHAT CHRISTMAS MEANS TO ME

Christmas to me is the most
joyful time of the year. Every-
one is hurrying around with sly
little smiles on their faces. It
is the only time of the year
when one stranger speaks to an-
other stranger.

All the little folks are wait-
ing for Christmas Eve to arrive.
They know that while they sleep
Santa Claus comes. They wake up
early Christmas morn and you
smile when you hear their shouts
of happiness and joy. It makes
you remember when you were a
little boy or girl.

To the older folks Christmas
means more than a Christmas tree
and Santa Claus. They think of
the birth of Christ and recall
the true meaning of Christmas.

On Christmas Eve all the
children gather around Grand pa

The Christmas bells are calling us
To join the pilgrimage
Across the sea and desert wastes
With shepherd, king and sage.

Our journey leads to Bethlehem
Where, in a cattle stall,
A little child in swaddling
clothes
Invites us-----one and all.

The Glorious choirs in the sky
Join with the bells in song,
And start look down in silent awe
Upon the gathered throng.

The Holy Virgin smiles at us
And Joseph stands aside,
That we may worship at the crib
Where Peace and Love abide.

Oh! glorious bells of Bethlehem,
Ring out your tidings gay;
Proclaim to all the world, once
more
That this is Christmas Day!

SENIOR CLASS NEWS

Hello Everyone. We are back again to tell you our news.

Most of us have gotten our pictures from Mr. Aultman and we are very proud of them. We have also ordered our caps and gowns for graduation.

There were 7 of us on this honor and merit roll.

We have been having class meetings to decide on a class party. We decided to go out for dinner. (*Cancelled*)

Well good-bye folks. See you in the next issue. A Merry Christmas and Happy New Year.

Reporter-Shirley Preston

SEVENTH GRADE

We are all looking forward to the the coming Christmas holidays.

We drew names last week. We are proud to have some of our class on the Jr High Merit Roll.

In Social Studies we are going to have a debate. We are all working hard on that.

Marion Whipple

First Grade News

There are forty in the first grade now. Of these, twenty-eight are really going to town, reading well in the First Reader. Some have completed two work books. It is going to be a problem to keep this group in reading material. Some are reading independently in little books that Santa Claus might bring.

The remainder of the pupils are working hard and some are beginning to see the light and will catch up.

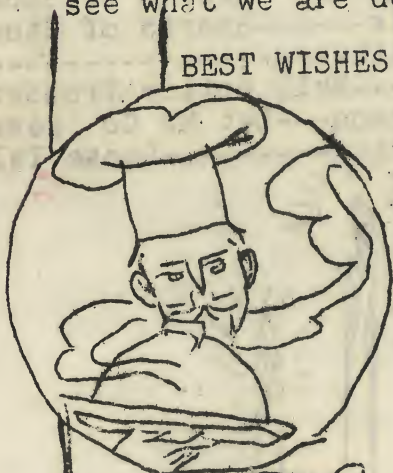

The help that the parents are giving, especially with our "secrets," has been greatly appreciated.

Danny Elliott is now doing well in school in Florida.

Darryl Drake is also doing well in Hope School.

Parents and friends are most welcome to come at any time to see what we are doing.

The junior girls are studying Family Relationships.

During Christmas week the girls are going to make candies and cookies.

Dec. 23, 1954

Look! Here It Is!

Mr. Moody's favorite hobby "deducting points". He works on his hobby all the time.

What was R.H. & M. H. doing that night they were sitting in the car at the Sunset.

Why is it that D. Jackson likes to ride in the back seat of J. Alexander's car. Is it because of Joan?

Say, Bill what is wrong with your girl friend in the Junior High?

What is Phil G. & C. doing? How about it Phil?

How is it Carol I. can't make up her mind between Robert B. and a certain boy from Hope with initials D. M. Come on Carol tell us.

I wonder what Mr. B. eats the last period? What about it Mr. Bultman?

What was Rosie J. doing at the trap shoot the other night. Were you and R. C. shooting rabbits? Tell us more Rosie!

Hear the latest!! Doris Damaske Advisory Board. When there is trouble between Doris & Larry go see Kenny Pumphrey and all will be merry.

What is this I hear about Stage and Thelma Ramsey. Tell us about it.

I want to know who the girls were from Sandcreek who sat with Don J. & Dale A. Saturday night. Tell us boys!

MERRY CHRISTMAS

HAPPY NEW YEAR

Tim Grote stop keeping us in suspense. Who is it going to be J. C. or J.R. Hurry! Hurry! Hurry! You're driving us mad.

Did I see L. H. making eyes at C. Fletcher in History class? How about it?

Why is B.B. getting so acquainted with R. B.

I wonder if N. L. knows about the incident at the Fall Festival between B. J. C. and B. C.

Why does B. Cook like for Ronnie Bewley to help with her Algebra?

Hey! M. J. why don't you wise up and quit Linda H. She likes all the boys. I know a girl that really does like you, her initials are W. G. Well, It's about time for you to wise up. Don't you think?

Wonder why Mr. Galbraith thinks so much of the 7th grade and not so much of the Juniors and Seniors in the 5th period study hall?

We wonder why M. T. goes around singing all "I want for Christmas is my two front teeth", is it because that's really what she wants?

What has E. B. been doing around J. F? Let's find out!

What is this I hear about Joetta F. and Ronnie Pavy in the library the 5th period. What about it kids?

Procrastination

never made a successful Agent!

BOOKKEEPING I—The bookkeeping class is still being led by John Alexander; however, Clara Bokelman and Robert Bottom have been giving John a good race, and they expect to overtake him almost any day.

We have completed Chapter 16 and are now ready for the first practice set. The practice sets that we have ordered have journals and business papers to make bookkeeping more realistic for the student. We are looking forward to the Hunter practice sets with anticipation.

TYPING II—Don Baker of the second year typing class is still the fastest typist with 76 cwpm on a 3-minute timing. The class has been doing all types of stencil and duplicating work. We will not begin our Office Practice Set until next semester.

GENERAL BUSINESS—The General Business Class has spent much of the time since the last issue in studying insurance.

We have studied automobile insurance and now realize why teenagers must pay a high price for their insurance. We have

studied fire insurance and how fire insurance rates are set; also a thorough study of the various types of life insurance has been made. Hospitalization insurance was discussed. If nothing has been accomplished by the study of insurance except to get oneself "insurance minded," the unit was well worth while.

TYPING I—A score of 61 cwpm on a 3-minute timing has been turned in by Joyretta Cook—an excellent score for a beginning typist. The typist are now learning the correct procedure of letter-typing and how to address and envelope. Accuracy in typing is being accentuated by typing carbon copies for letters. If you are typing five carbons, striking a wrong key is the same as making six errors because you will have to make six erasures.

SENIOR CLASS

The Seniors are planning to have their first semester class party December 28, 1954. We are looking forward to a nice evening.
